*Norm and Marion and their family thank  
you for contributions you make to the  
Trevor Young Memorial Fund.*

*The Fund represents an ongoing  
tribute to Trevor's life and his  
passion for motorcycling.*

*It also fulfils our desire to do something to  
prevent other riders dying unnecessarily.*

*Advanced Riding Courses are not a  
guarantee of safety, but increase the  
likelihood of safe outcomes.*

*The initial purpose of the fund is to raise  
money for Advanced Riding Courses but  
long-term, it can be for anything that will  
enhance rider safety.*

*May we all be safe motorcyclists and also  
motorcycle aware drivers.*

**TREVOR  
YOUNG  
MEMORIAL  
FUND**

## *Fund Purpose*

*- to enhance rider safety*

*The broad purpose will enable a change of focus in future years if desired.*

*For now:*

*The fund purpose is to provide Advanced Rider Courses to young riders or older riders who've missed this part of their development as a rider.*

*- to enhance rider safety*

## **BIO OF THE MAN**

*Trevor Young was the youngest of four children, with brothers, Nathan and Peter and a sister, Jess. He lived with his family at Boronia and Phillip Island in Vic, and Townsville Qld, before venturing out on his own. At 17 he moved to Sydney, found work in the computer industry and grew in confidence and maturity. Two years later, at the end of 2005, he moved to Melbourne where he continued working in the computer industry. He was now close to his extended family and friends from the "old days". Within a year, his brother, Nathan, moved from Townsville to live with him and after renting a unit at Hawthorn for awhile they moved into a house at Frankston in March 2007. In June 2007 he started a new job and turned 21. Life was going well.*

## **BIO OF THE RIDER**

*Trevor grew up with motorcycles, his dad being an avid rider since his youth. However, Trev's interest didn't manifest until 2006 when he began to hang around the guys in Longriders CMC and was close enough to the Phillip Island Race Track to attend the Superbike and Grand Prix races.*

*In August 2006, he obtained his Learners Permit and in September bought his brother's Kawasaki EL250. A minor accident shortly after didn't dampen his enthusiasm at all. He was a motorcyclist through and through, and his love of riding continued to grow, even when the following winter hit and he was riding from Frankston to North Melbourne for work.*

*On 5th July 2007 he died doing what he loved, riding his EL250.*
